

# Mr Jason Winnett

MB; BS, FRACS (General Surgery)

**Mr Jason Winnett** is a specialist general surgeon with sub specialities in the Bariatric surgery, Colorectal, Upper GI and Hepatopancreaticobiliary procedures.

He has specialist qualifications in a number of areas, and performs the following surgical procedures:

- The LAP-BAND® System/Gastric Banding Procedure
- Orbera® Intra-gastric balloon
- Laparoscopic Sleeve Gastrectomy
- Upper GI Surgery
- Hepatobiliary Surgery
- Colorectal Surgery
- Vasectomy Surgery.

As a specialist in these fields, Jason's primary areas of expertise include laparoscopic adjustable gastric banding, laparoscopic inguinal, femoral, incision hernia repair, laparoscopic cholecystectomy, appendectomy and laparoscopic colorectal surgery.

A practicing surgeon with over 23 years' experience, Jason Winnett has performed over 2,500 weight-loss surgical procedures, 20,000 endoscopic procedures and has successfully treated thousands of patients with obesity or weight-related issues.

In a discipline where many surgeons are very clinical, and simply view their patients as a "case number", Jason is an exception. He likes to learn about his patients—their families, their lifestyle, their hobbies, where they work—because this not only helps him to form a far more accurate picture of the individual he is treating, but it helps put his patients at ease.

Jason is a fellow of the Royal Australasian College of Surgeons and is a member of the Australian Medical Association. He is also a member of the Gastrointestinal Society of Australia and a Post Graduate of the Medical Council of Victoria. He is also a member of the OSSANZ; The Obesity Surgery Society of Australia and New Zealand.

Jason has appointments to the Medical Advisory Boards of the Western Private, and Epworth Freemason Hospitals and is a Medical Director of the Hobson Healthcare Facilities; located in Altona, Sydenham, and Werribee.
